Hot Pool Tour

Lava Hot Springs is a natural mineral spring. The springs feed a large natural swimming pool open to the public. The hot springs are located in Bear River Park, which also includes adjacent picnic and camping areas. The park is approximately 3½ miles southeast of Soda Springs, Idaho, and is accessible by US Highway 20. For more information, call (208) 547-5222.

Recreation Tour

Many parks and recreation areas are available throughout the region. The Bear River Recreation Area, located just to the south of Soda Springs, is a popular destination for fishing, backpacking, and hiking. The area is also known for its hot springs, which flow from a natural spring into the river. For more information, call (208) 547-5222.

Winter Recreation

During the winter months, the region offers a variety of outdoor activities, including cross-country skiing, snowshoeing, and snowmobiling. The Idaho snowmobile trails system is extensive, with more than 3,000 miles of groomed trails throughout the state. For more information, contact the Idaho Snowmobile Trails Association at (208) 646-2290.

Pioneer Tour

The Oregon Trail was a major route used by pioneers traveling westward in the 19th century. The trail passed through the region near Soda Springs. The Daughters of the American Revolution have established a trail center in Soda Springs, where visitors can learn about the history of the trail. For more information, call (208) 547-4980.

Geology Tour

The Bear River Formation, a geologic formation that extends across much of the region, is rich in fossilized remains of ancient life forms. The formation includes a variety of rocks, such as sandstone and shale, which are exposed in the region. For more information, contact the Idaho Department of Environmental Conservation at (208) 646-2290.
